1. The 29th meeting convened at 1400 hours and the Chairman distributed to each member copies of FDD reports representing examples of continuing exploitation incorporated into the Division program on the recommendations of the Subcommittee.

2. Minutes of the 28th meeting were approved with the following amendments:

Army: Page 2, Army's statement, lines 3 and 4: Delete
"in addition to 338th MIS Battalion at Fort Meade."
Same paragraph, line 14, delete "and airports." *"and Technical Services"*
Navy: Page 2, Navy's statement, line 4: Delete "haphazardly"
and insert "irregularly."

3. A draft of the requested "questionnaire on exploitation needs" for the use of Subcommittee representatives was distributed by the Chairman. Two forms were presented and the members suggested that they would be useful if combined, amended, and forwarded to the members in the following numbers: State 25, NSA 12, CIA 25, Army 15, and Navy 12. FDD will revise and produce these forms as requested.

4. Scientific Abstracting: Major Neumann stated that ATIC had allowed for the work of abstracting the previously designated titles but had not allowed for reproduction. ATIC has not the facilities to reproduce the cards in the numbers requested and estimates would have to be revised downward or other agencies would have to assist in the reproduction. The

members agreed that their estimates could be reduced and agreed upon the following distribution: Army 6, Navy 8, State 2, AEC 1, CIA 17, NSA 5, and Air 25. Major Neumann stated that he would determine whether ATIC could meet this distribution and notify the representatives.

5. Eastern Europe: Mr. Bauer presented a comprehensive statement of Army's needs which is attached to the Subcommittee records. Lt. Cdr. Roberts stated that Army's statement also included Navy's needs but the following categories should be added:

- Photographs of naval ships or equipment
- Movements of merchant ships
- Visits of naval craft to any port.

Major Neumann stated that Air Force needs could be expressed by Army's statement plus the following additions:

Targeting requirements include data on transportation of all types, heavy and light industry, mining and petroleum fields and processing areas, hydroelectric dams, transmission lines, and all cities or towns of significant size or function.

Material requirements include information on foreign aircraft, air weapons ordnance, and research in these fields.

Biographical information is sought only on Soviet and Satellite air personalities, military or civilian.
